LEGAL INTERN

HO CHI MINH CITY OFFICE

ABOUT DSEA LEGAL

DSEA Legal is a Singaporean law firm with offices in Singapore and Ho Chi Minh City, founded by the former DS Avocats teams in both cities. We combine European legal expertise with on-the-ground knowledge of South-East Asian markets, and our founding partners have practised in Europe and Asia for more than forty years.

Our work runs in both directions. We advise European companies investing in Vietnam and Singapore, from market entry and incorporation to their day-to-day operations in the region. We also help Asian companies expand into other ASEAN countries or into Europe.

Our practice covers foreign direct investment and project financing, M&A, joint ventures and restructuring, commercial and competition law, employment and international mobility, tax and customs, compliance and data protection, and intellectual property. We also handle disputes, from pre-litigation negotiation through to international arbitration.
